HMRC has all taxpayers in their sights

We will protect you with our Tax Investigation Service

Tax Investigation Service

HMRC have all taxpayers in their sights.

Any taxpayer can be selected for investigation. HMRC are proactively targeting taxpayers using sophisticated software that searches big data looking for discrepancies. Anything that does not cross match could be selected, regardless of the reasoning. You can even be selected at random. HMRC do get it wrong and many enquiries result in thousands of pounds in fees but result in no additional tax liability.

We will work with you to protect you when HMRC initiate an enquiry. If you are in business you also receive complete peace of mind in all areas of employment law, HR, Health & Safety and commercial law.

Remember HMRC are chasing an estimated unpaid tax gap of over £30 billion and tax investigations are a key tool for them.

What does an enquiry involve?

HMRC usually start with a letter asking questions or announcing a visit but they also have the power to inspect business documents, assets and your premises. On site visits are common, sometimes even unannounced.

Impact on you

Tax Investigations are timely, stressful and costly. Not to mention a distraction from your usual day to day focus.

They can last for several months...
